

# Capsule Concierge™ Program

## Opening the doors to innovation

To support formulation scientists, Lonza has created the Capsugel® Capsule Concierge™ Program. This unique program is designed to help capsule selection and assist rapid and smooth development of innovative or generic capsule-based pharmaceutical products.

The Capsule Concierge™ kit provides instant access to small quantities of Capsugel® capsules in multiple sizes, polymers and applications with corresponding information to help guide the capsule selection process.

### What is included in the Capsule Concierge™ Program?

- Sealed single-use pouches with 50 capsules manufactured under GMP requirements.
- Custom acrylic case with 6 drawers to fit up to 10 pouches and all program assets
- Certificates of Analysis for the capsules included
- Capsugel® Capsule Size Kit
- Capsugel® Go No-Go Gauge
- Capsule Concierge™ Guide which includes details on the Capsugel® portfolio and tools to guide the capsule selection process

**Capsule Concierge™ Measurements:** L 17.90 in. [45.47cm.] x W 8.60 in. [21.84 cm.] x H 15.80 in. [40.13cm.]

## In summary, the Capsule Concierge™ program...

Can help speed up pharmaceutical research and product development

Provides a customizable and easy to replenish capsule sample selection

Is convenient and easily accessible

Offers a variety of capsule samples in the early product development phase

Enables increased access to technical support during your product development process
